# Welcome to Howe Gardens

## COME TO HOLLISTON

Spring is here again and Howe Gardens offers you a list of the finest Daylilies and Irises.

We have many of the latest originations to show you this year, as well as the old-time favorites all of us want.

Our display of the best creations of the prominent hemerocallis breeders, will be especially exciting to members of The Hemerocallis Society, who will hold their Annual Convention July 23 to 26.

When you visit our garden during the Convention you will see many of the "must-haves," which are still too scarce to catalog, but we will welcome your inquiries on the ones you want.

Peak bloom for Daylilies could be during Convention time, but you will see lots of bloom "from Spring 'til Frost." The peak for Iris will be around the first week in June.

We ship only strong, blooming size plants that you are sure to like.
